

Jackson Academy Upper School  
Science Learning Facilitator

As one of the premier independent schools in Mississippi, Jackson Academy educates more than 1,200 students in grades Preschool (age 2) to twelve. Our commitment to providing an education to all students is core to our culture and mission statement. To fulfill this mission, JA is seeking a passionate and knowledgeable Upper School Science Learning Facilitator to join our dynamic team beginning with the 2025-2026 academic year. The ideal candidate will have a strong background in science education and a commitment to integrating faith with learning. This position will be responsible for:

- Facilitating learning experiences in the respective discipline to upper school students;
- Supporting diverse group of learners by reinforcing scientific concepts and curriculum;
- Promoting a love for science while nurturing the spiritual growth of our students;
- Assessing students and analyzing results;
- Refining and differentiating classroom instruction based student needs;
- Collaborating with colleagues in our Academic Success Center to improve student outcomes;
- Communicating regularly with students and their families about classroom activities and student progress;
- Managing student behavior to ensure every student is fully engaged;
- Actively participating in professional development activities,
- Serving as sponsors of student organizations and participate in campus and community events,
- Supporting the mission of Jackson Academy, and
- Performing other related work as needed.

Qualifications:

- Bachelor's Degree in Biology, Chemistry, Physics, Education, or a related field.
- State or MAIS certification in education, or equivalent.
- Proven experience teaching at the secondary school level.
- Strong understanding of neurodiversity in students.
- Ability to work alongside and support primary classroom instructor.
- Excellent communication and interpersonal skills.
- Commitment to the mission and values of Jackson Academy.
