Jackson Academy Upper School
Mathematics Teacher

As one of the premier independent schools in Mississippi, Jackson Academy educates more than 1,200 students in grades Preschool (age 2) to twelve. Our commitment to providing an education to all students is core to our culture and mission. To fulfill this mission, JA is seeking a passionate and knowledgeable Upper School Mathematics Teacher to join our dynamic team beginning with the 2027-2028 academic year. The ideal candidate will have a strong background in mathematics education and a commitment to integrating faith with learning. This position will be responsible for:

- Facilitating learning experiences in mathematics for upper school students;
- Supporting a diverse group of learners by reinforcing mathematical concepts and curriculum;
- Promoting a love for mathematics while nurturing the spiritual growth of our students;
- Assessing students and analyzing results;
- Refining and differentiating classroom instruction based on student needs;
- Collaborating with colleagues in our Academic Success Center to improve student outcomes;
- Communicating regularly with students and their families about classroom activities and student progress;
- Managing student behavior to ensure every student is fully engaged;
- Actively participating in professional development activities;
- Serving as a sponsor of student organizations and participating in campus and community events;
- Supporting the mission of Jackson Academy; and
- Performing other related work as needed.

Qualifications:

- Bachelor's Degree in Mathematics, Mathematics Education, or a related field.
- Master's Degree in Mathematics or Mathematics Education strongly preferred.
- State or MAIS certification in education, or equivalent.
- Experience teaching mathematics, preferably geometry, at the secondary school level.
- Excellent communication and interpersonal skills.
- Commitment to the mission and values of Jackson Academy.
